

Memo

To: Millington Municipal School Board

From: Rachel Hennings, Coordinated School Health Coordinator

Date: 03/18/2019

Re: Family Life Curriculum

Millington Municipal Schools Office of Coordinated School Health recommends that we continue the use of the Michigan Model Curriculum for Family Life. We have received no recommendations to change from this curriculum. It has been implemented successfully in grades K-12, allowing for our district to remain in compliance with state mandated standards.
